### The mobile marketplace in 2014...

- Apple has launched the iPhone 6?
- Google continues to ...
- Samsung is ...
- Microsoft ...
- Amazon ...
- Huawei and ZTE are competing aggressively on price in developing markets worldwide

## Key questions

- Which *customer* groups will you target?
- What *applications*, 'jobs to be done', will you focus on?
- What *products and services* will you offer, and how will your products and services be positioned and differentiated?
- What will be the scope of your *activities*, where will you make, buy or partner, and what will be your *core competences and capabilities*, inimitable resources?
- Who will you work with to build your *ecosystem*?
- What investments will you make in *R&D*?
