11.307 Beijing Urban Design Studio
Summer 2008

MIT - TSINGHUA | BEIJING URBAN DESIGN STUDIO

嘬 eskinazi victor | kaminski-coughlin ian | ming ye | pandit ninad

Proposed program:

Research

Venture Capital
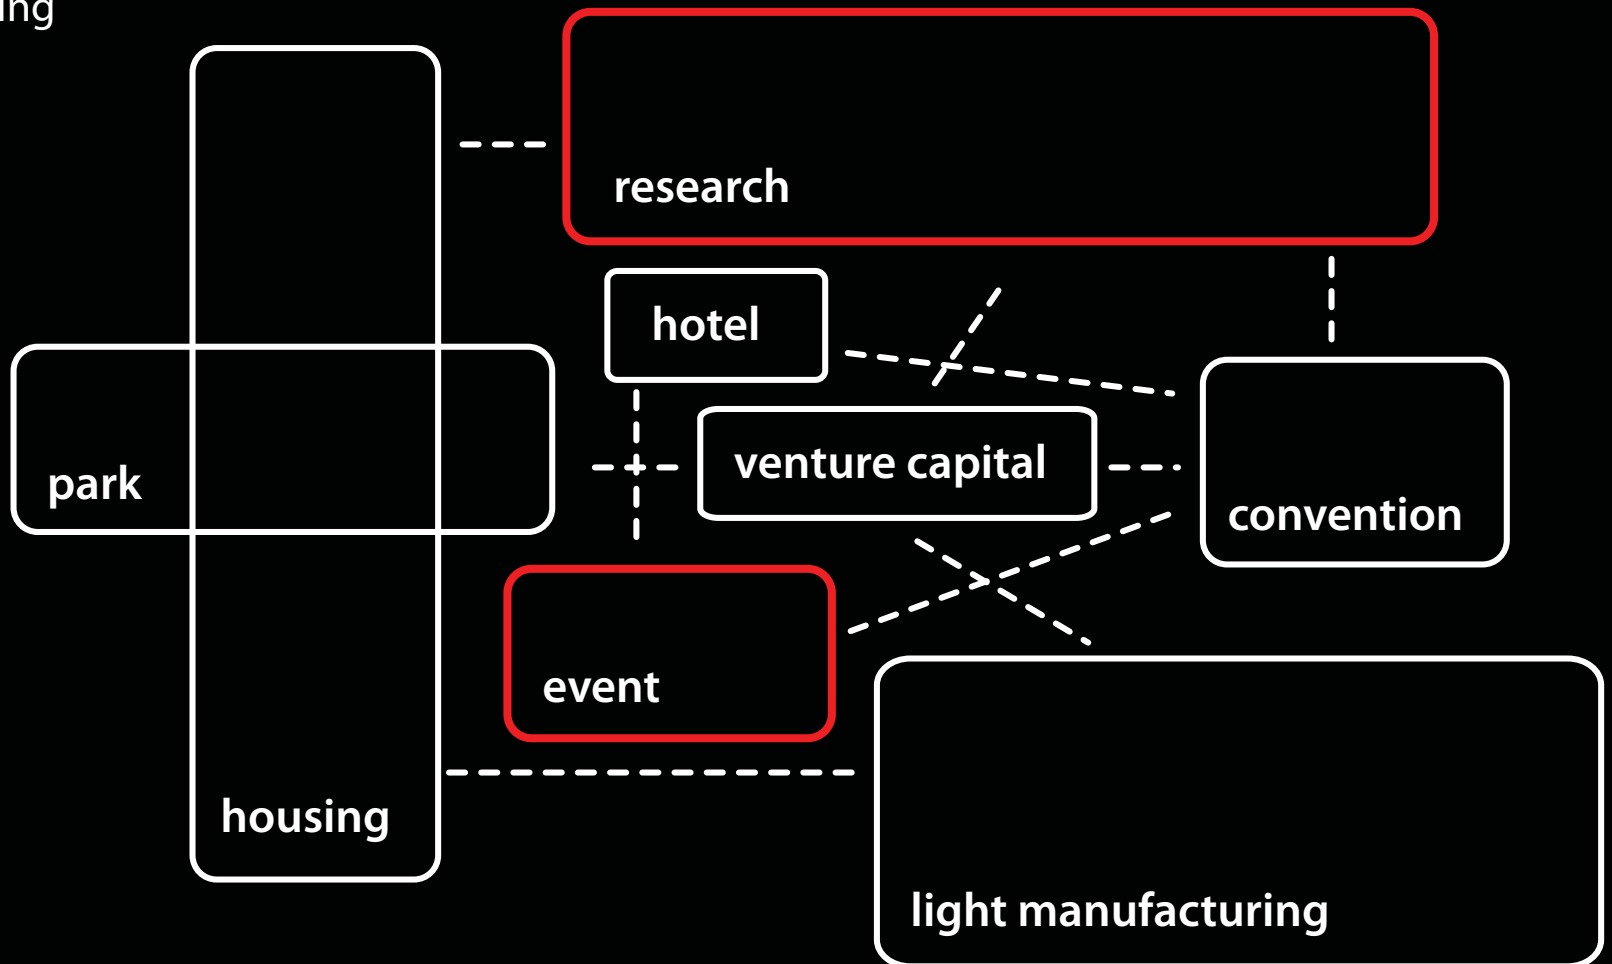

Convention / Exhibition

Mixed Income Housing

Light Manufacturing

Event / Spectacle

Hotel

Park / Green

program of site based on changing industry

research

hotel

park

venture capital

convention

event

housing

light manufacturing

clues from site

安全人人抓幸福千万家

everyone is safe and
every family is happy

群明生辉

the wisdom of everyone
creates brilliant achievements

班平平安安回家

go to work happy
come home safe

network as monument
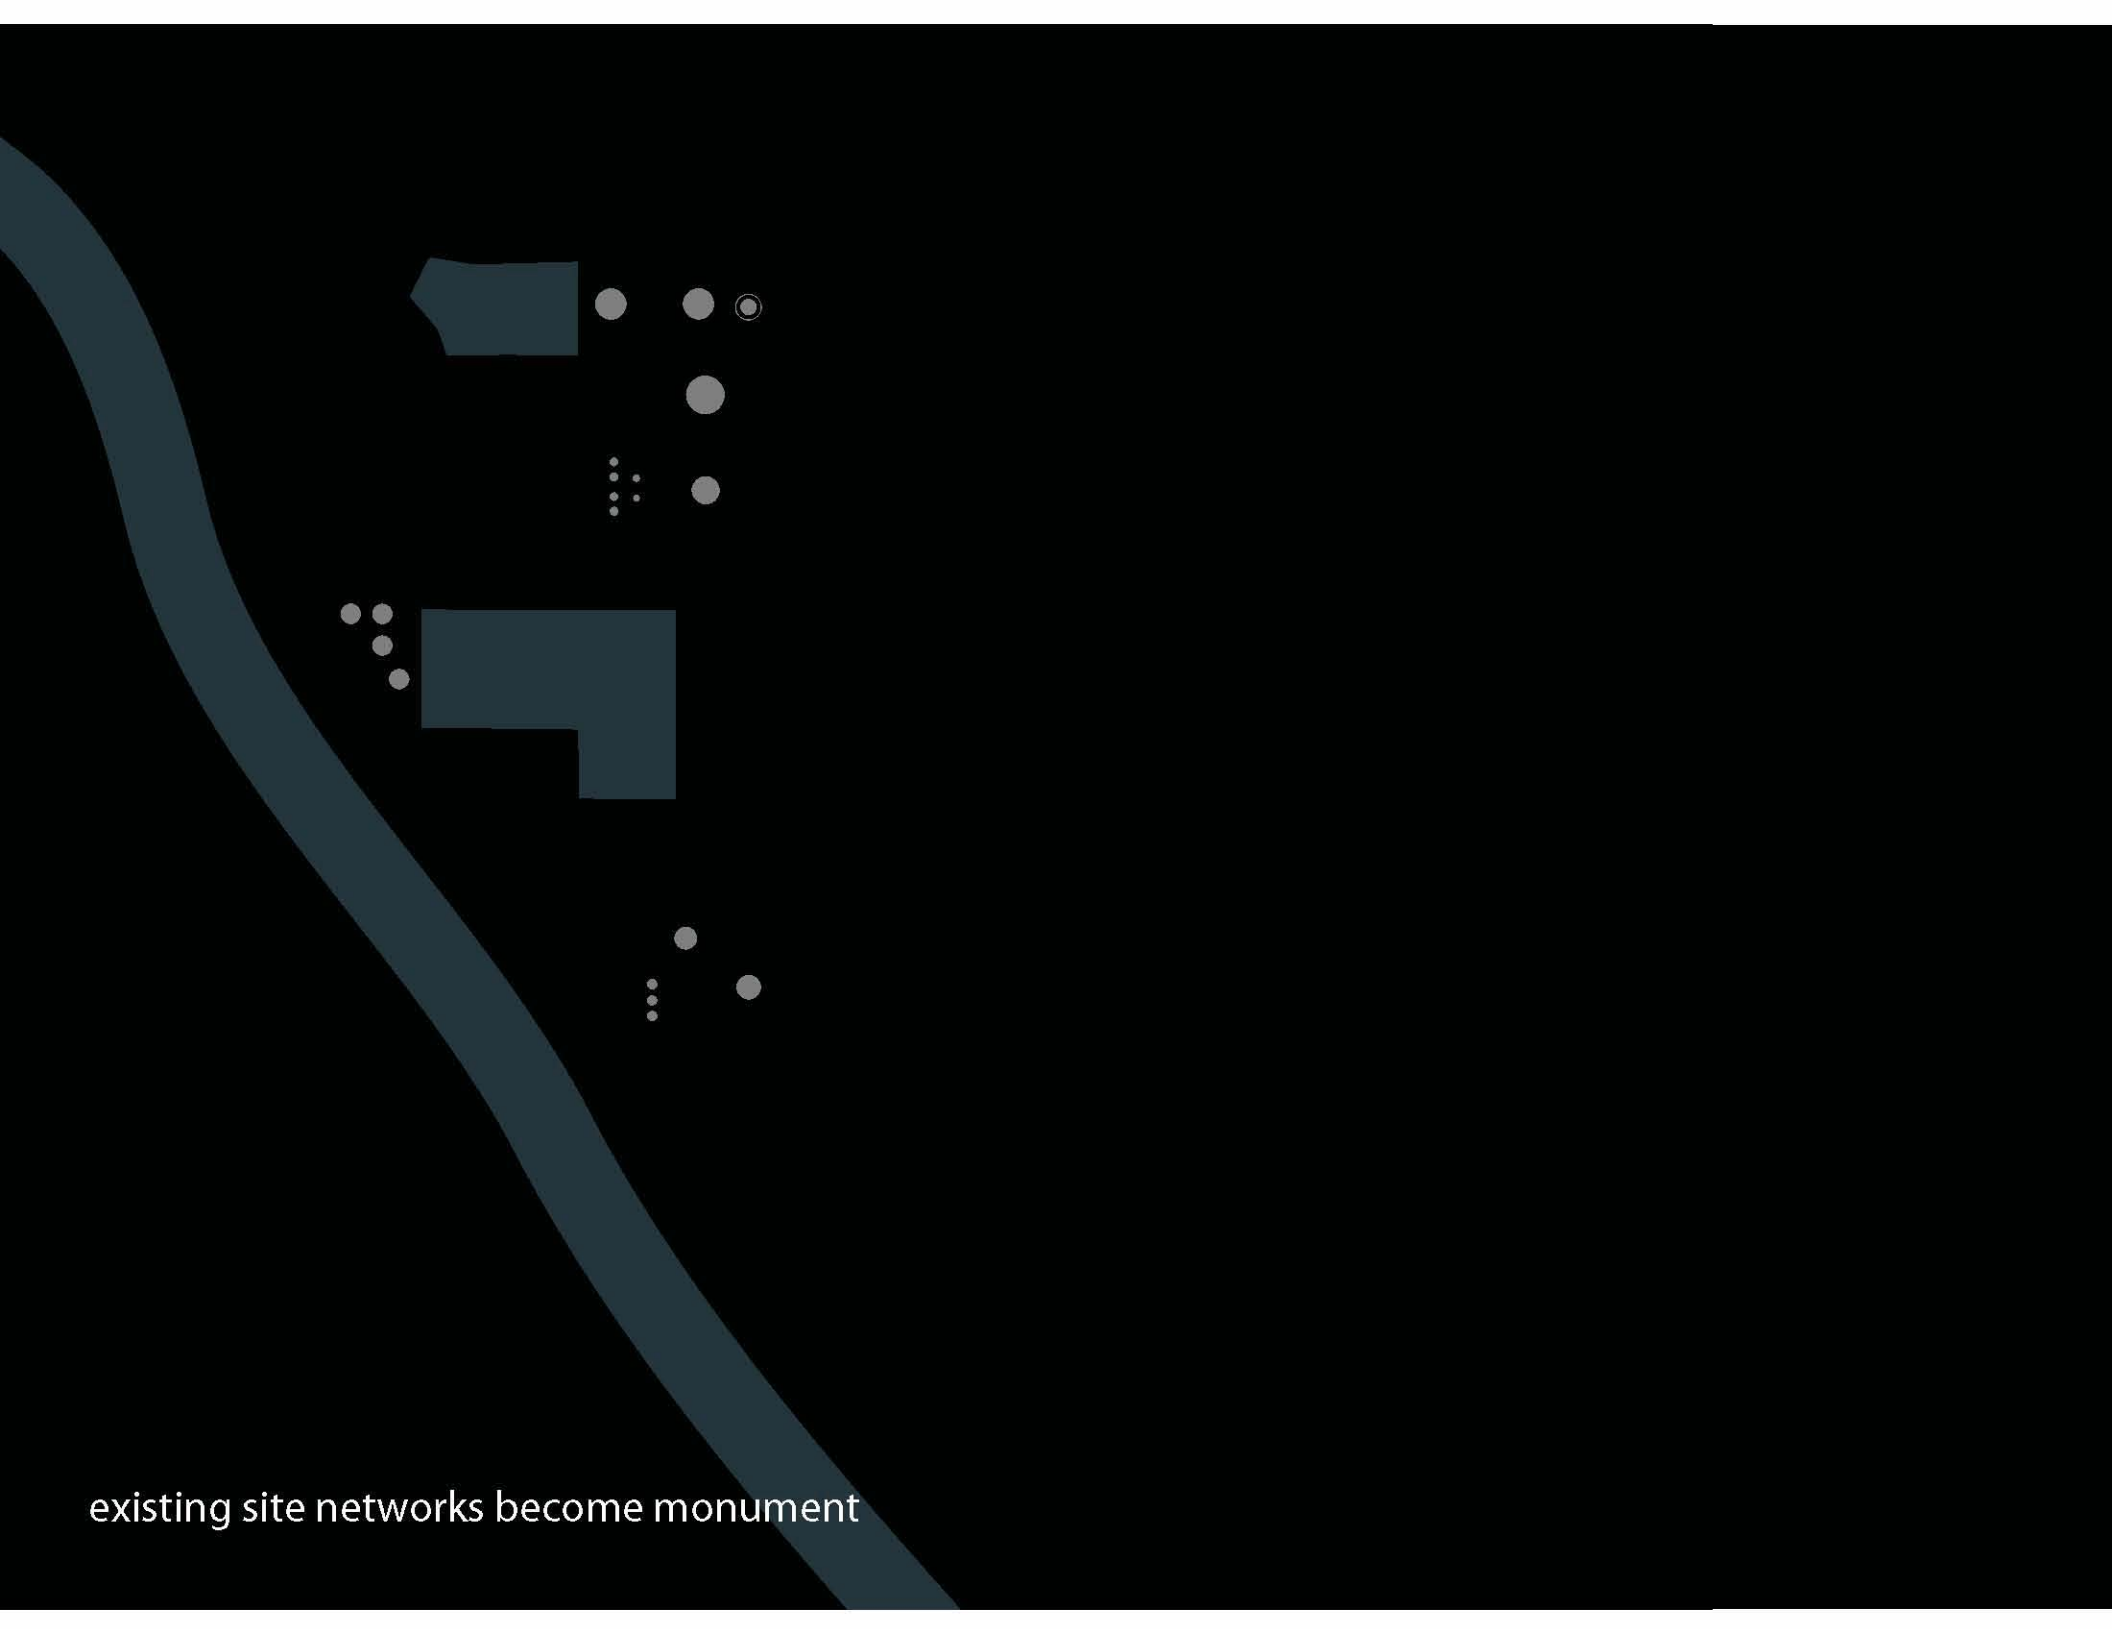

site planning
-network is retained
-preserving the "grain" of the site
-intersection of networks makes special spaces
-preserving buildings and industrial objects

detail (building level)
-physical acrobatics

conceiving the monument at multiple levels

existing site networks become monument
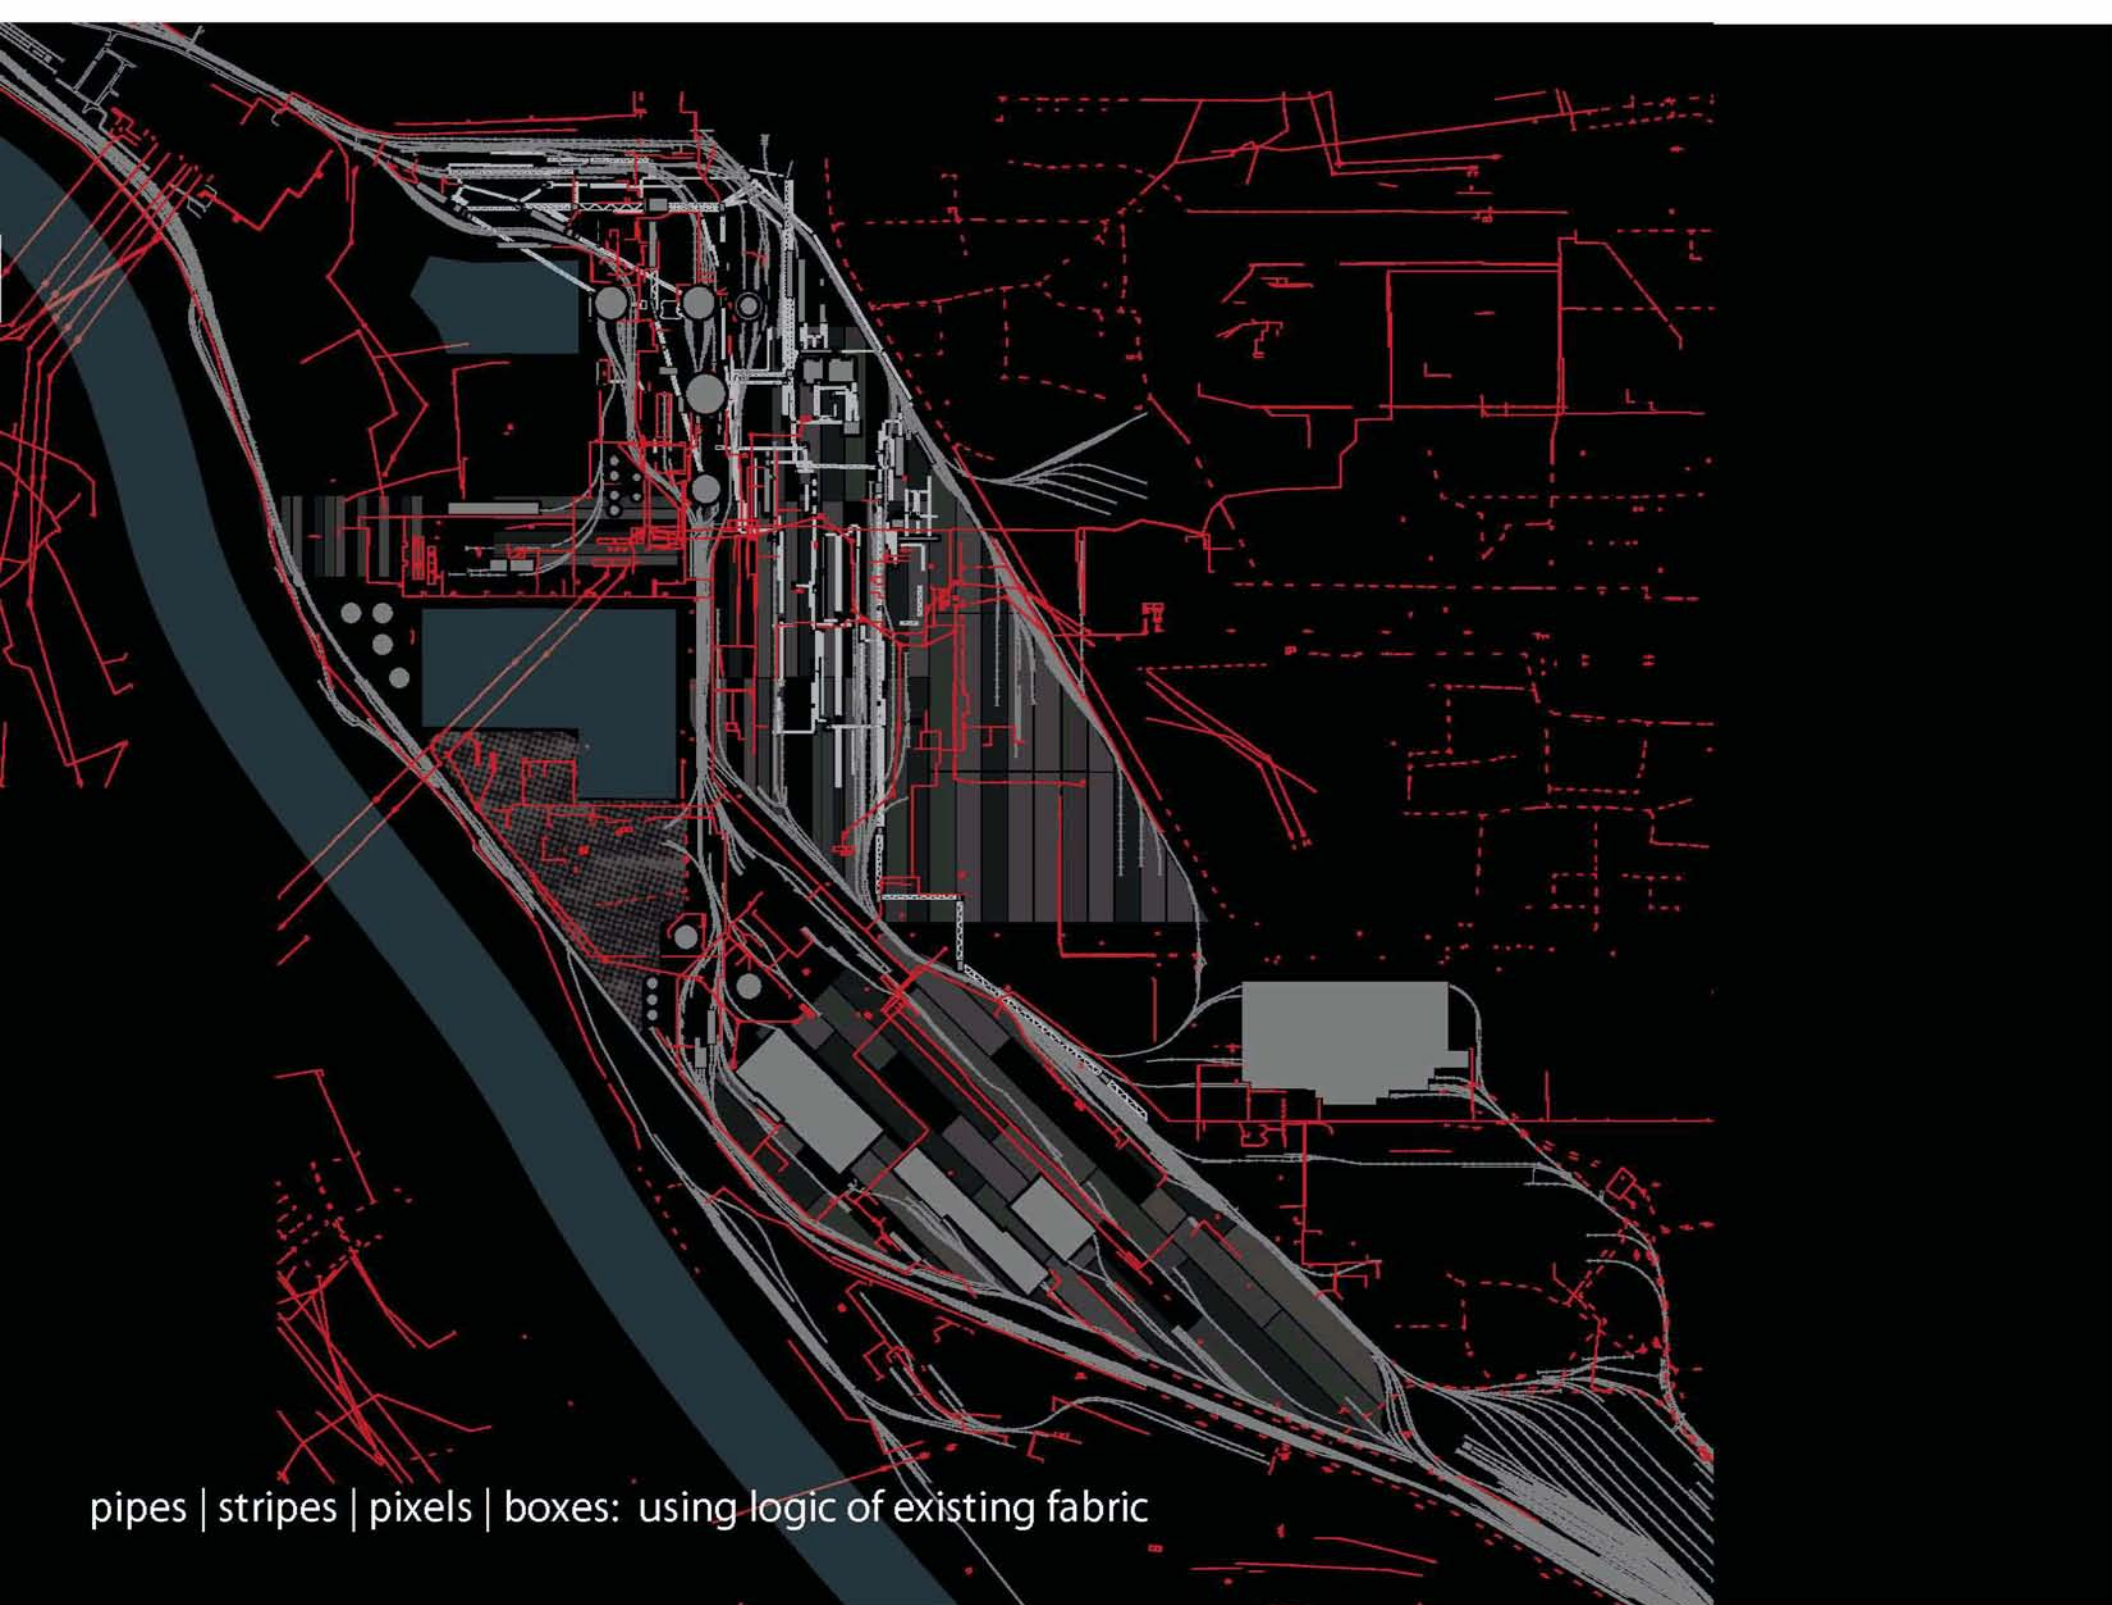

existing site networks become monument

existing site networks become monument

existing site networks become monument

pipes | stripes | pixels | boxes: using logic of existing fabric
key vehicular access

tram and bike loops + transit hub

land use plan

5 areas

transit hub

building network interface
